## PAY HONOR TO LEE. Celebrating the Anniversary of the Great Soldier's Birth.

DEMONSTRATIONS IN VIRGINIA. General Battle the Principal Spenker at Petersburg-Bishop Granbery Makes an Address at

Ashland-Special Sunday Sermons.

PETERSBURG, VA., January 21.-(Speclai.)-Probably no previous anniversary of the birthday of General Robert E. Lee, the great Confederate commander and the beloved Christian gentleman, has been so sincerely and so conscientiously honored and observed here as was the present one. The banks and other public uildings were closed; many of the doors of business-houses were shut to trade, and likenesses of General Lee were dis-

played to view in many places. The anniversary occurring on Sunday, there was, of course, no general observance. The A. P. Hill Camp, escorted by the Petersburg Grays, formed in line and marched to the Washington-Street Methodist Episcopal church, where a special sermon was delivered by Bishop J. C. Granbery. Notwithstanding the rain there was a large congregation present. The Bishop selected as his text St. Luke, ill., 14: "And the soldiers likewise de manded of Him, saying, and what shall we do? And He said unto then.: Do violence to no man, neither accuse any classely; and be content with your wage

Talsely; and be content with your wages."

The Bishop's sermon was a grand and el-quent tribute to the character of General Lee as a Christian and a soldier; as a man whose gentleness and lovable traits, whose firmness and devotion to duty all might well emulate.

## BISHOP GRANBERY SPEAKS.

A Glowing Tribute to the Confeder rate Commander.

ASHLAND, January 20 .- (Special.)-The eighty-ninth anniversary of the birth of General Robert E. Lee was fittingly celebrated here to-day by W. B. Newton Camp, Confederate Veterans. It may truly be said that it was soldiers'-day, as the turnout of old veterans was very large. The members of the camp first met in their hall and transacted all business brought up. Thirty-odd names were added to the roll. After this meet-ing they assembled in the lecture hall of Randolph-Macon College, when Colonel of Randolph-Macon College, when Colonel Richard Irby, commander, said that Risbop Granbery, who was to make the address of the day would not arrive until the 12:35 train, and suggested that the interim would be used in relating war experiences. He then gave his own, and afterwards called upon Captain D. A. Timberlake, who wore his old uniform coat—that is, what was left of it (one sleeve of the coat being entirely gone). Captain Timberlake spoke for a few minutes, then remarks were made by Dr. H. C. Scott, John G. Teller, B. K. Cocke, and Major A. S. Norment. A number of the comrades went to the depot to meet Blshop Granbery and escort him to the hall. Arriving at the hall, the Bishop was introduced to the large assemblage by THE ADDRESS.

THE ADDRESS.

The Bishop began his remarks by alluding to Lee's boyhood days and his young life in the service of the United States, and then passed to his career in the army of the Confederate States of America. Next he took up his life as a private citizen and as president of Washington College. He held his hearers for nearly an hour, and in his final summary, he spoke in about these words:

To history belongs the unspotted and unperishable fame of our great chief, who, unappreciated for a time, bore with silent meckness the censures of ignorance and the coldness of the public, and lived to wear without pride the loftlest honors—a man whose modest worth, eminent services, and disinterested patriotism silenced the tongue of detraction; extorted rejuctant praise, and won the admiration of mankind and the hearts of his countrymen—a man whose military genius was distinguished equally by comprehensiveness capable of projecting and grasping the combinations of a vast campaign. And, by minute attention to every detail of administration, and by a dering which was not trashness, and the caution which was not trashness, and the caution which was not ashness and the caution to duty, and sustained by an unfaffling trust in God, could not be dazzled by the most brilliant victories nor depressed by the gravest disasters.

impressively the wisdom, beauty, and obligation of a just, humane, and generous policy. He was a man to whom every soldier in his army, through all gradations of rank, from private to the lieutenant-general, was bound by a common sentiment, alike of unquestioning obdience to the authority of a commander, and of affectionate confidence in the kindness of a father. When it would have been desperation longer to lead his starved and wasted troops against the well-appointed and ever-recruiting hosts of the Union, he surrendered with a dignity which made him the hero, even of that scene.

THAT GALLANT ARMY. THAT GALLANT ARMY.

The remnant and name of that gallant army, whose fame shall go down in story and in song, indissolubly associated with that of their great captain; the army whose valor in battle and constancy in suffering through years of an unequalied contest, drew forth his grateful acknowledgments, which they counted the highest human raise.

After the address, which was listened to with marked attention, a rising vote of thanks was given the reverend gentleman. The veterans and all others in the hall then sang, "God, Eless You," and

The camp then repaired to the Masonic Hall, where a very bounteous dinner was served by the committee in charge.

ATLANTA, GA., January 29. All the banks and public offices were closed to-day in honor of General Lee's Birthday.

The Virginia Society held a meeting in the Young Men's Christian Association hall to-night, and immediately after-ward there was a banquet at the Kimball House, President Barbour Thompson, of the Virginia Society, was prevented from attending.

The oration was delivered by ex-Governor Cameron, of Virginia. His address was upon General Robert E. Lee. After briefly sketching Lee's life prior

to the breaking out of the war, Governor Cameron said:

"And so he started forthwith upon that course which brought him to the call of Virginia in the fall of 1861, a veteran already in war: master of its theories, ripe in its practice; in the full flush of health Scott, his old commander, had declared of him in his sincere way that he was 'the greatest military genius in America, the best soldier I ever saw in the field.

"It was through the influence of this Virginia, then at at the head of the United States army, that President Lincoln was induced to offer that high command to Colonel Lee. This tender was calculated to gratify any ordinary pride and great enough to satisfy any ambition. It came to a man who was controlled in every act of his existence by a desire to do the right. The judgment of foreign critics of this generation places him high in the list of the born leaders of men. That he accomplished much with limited resources; that he elicited the best skill and valor of the Union by his persistent defence of Virginia; that he overmatched many generals and declimated several armies ere his own succumbed, and that he finally gave to the victor a costly triumph, are facts not to be gainsaid. HOUSE BOND BILL.

Senators Arrive. WASHINGTON, D. C., January 29,-The passage in the Senate this afternoon between Messrs. Hale and Platt on the one side, and Mr. Jones, in charge of the Senate substitute to the House bond bill on the other, made it plain to the opponents of free coinage, as the situation is viewed by them, that the silver men will not permit the bill, which is now the unfinished business, to come to a vote, until after they have strengthened their

ited coinage of silver.

This precaution is due, it is said, to the belief on the part of some of the silver leaders that inroads have been made on their vote, and it would be just as well to make assurance doubly sure by await-ing the arrival of these two votes.

Dry-Goods House Assigns.

NASHVILLE, TENN., January 29.—
The Rosenheim Company, one of the largest dry-goods houses in the South, made an assignment this evening for the benefit of their creditors. The failure came unexpectedly, and was due to the failure of banks in New York to renew notes amounting to about \$50,000.

No schedule was filed with the assignment, and the members of the concern cannot themselves approximate the total liabilities. They claim that the assets will far exceed the liabilities, and that they will pay dollar for dollar.

Practically all the creditors are in the East.
